WORK PROGRESSING ON THE DONAGHEY BUILDING

Contractor Mathis has surrendered his contract for the brick and stone work on the string of four Donaghey buildings. M. B. But for the fact that a part of the front must again be torn out and rebuilt, the brick work would soon be finished.—Allen Hustler.

SENATE PASSES PENSION BILL

**WILL ADD \$20,000,000 ANNUALLY
TO PRESENT EXPENDITURES.**

Washington, March 29.—The senate tonight by a vote of 51 to 16 rejected the Sherwood \$1 a day pension bill, which had passed the house, and enacted the Smoot general age and service pension law, which it is estimated will increase the pension roll by \$20,000,000 annually during the next five years.

Burdens of South.

During the debate Senator Overman's reference to the burdens of the south because of pensions brought a tart reply from Senator William A. Smith of Michigan.

"I remind the senator that this entire pension burden could have been avoided by the south if it had been loyal to the union," said he. "I can not remain silent and hear senators from the south complain of burdens our government has been called upon to bear because of your own unwillingness to live with us under the same flag and in a united country."

"Distinguished southern men who served in wars prior to the civil war not only received pensions with evident satisfaction, but asked the government to reward them for their military services. That list includes among others no less conspicuous men than Robert E. Lee and Stonewall Jackson, who were not above asking this government to reward them for sacrifices made in the war with Mexico. For several years I occupied a seat in the house of representatives next to gallant Joe Wheeler of Alabama and I never heard his vote cast against a worthy pension bill.

"You have taken care of your own soldiers in the south, but the record of senators of the war on either side would be more luminous and creditable if they could treat their foes with the same generosity and kindness."

What Bill Requires.

The bill requires beneficiaries to have served ninety days and provides pensions ranging from \$13 to \$30 a month, instead of a sixty-day minimum and \$15 to \$30 a month, as in the house measure. The bill now goes to conference with the house. The shadow of a possible presidential veto hangs over the measure. The senate added provisions that

would prohibit attorneys' fees and that would grant \$30 a month to former soldiers disabled by service wounds or disease, the latter being estimated to add \$2,500,000 to the annual outlay under the bill.

The entire negative vote on the final passage of the bill was cast by the democratic senators from southern states. The northern democrats voted with the republicans for the bill.

The twenty-one senators whose vote reelected the house Sherwood bill, the real contest of the day, were Chilton of West Virginia, Culberson of Texas, Foster and Thorton of Louisiana, Hitchcock of Nebraska, Johnson and Gardner of Maine, Johnstone of Alabama, Kern and Shively of Indiana, Lea of Tennessee, Martine of New Jersey, Overman and Simmons of North Carolina, Owen of Oklahoma, Percy and Williams of Mississippi, Rayner of Maryland, Swanson of Virginia, Smith of Georgia and Smith of South Carolina.

On this vote the northern democrats voted in the negative because they preferred the Sherwood bill, and the southern democrats because they opposed both the house bill and the senate measure.

Well Pleased With Ada.

A. Zulley of Tell City, Indiana, was here Friday on a visit to his cousins, F. P. Lieualen and wife. Mr. Zulley is a wealthy chair manufacturer and is looking for a location in this section to establish a factory for the manufacture of an iron folding chair. He made diligent inquiry about Ada and everything connected with the place, and expressed himself as being highly pleased with the town and its prospects.

TWO BUILDINGS BURN AT TUPELO

**BUILDING OCCUPIED BY TIMES
AND RESTAURANT BELONG-
ING TO FORMER ADA MAN
DESTROYED.**

Tupelo, Okla., March 30.—About 8 o'clock last night fire broke out in the building occupied by the Tupelo Times, and in a very few minutes both it and the adjoining building, occupied by the restaurant of J. B. Pewett, a former resident of Ada, were reduced to ashes. The fire gained headway so rapidly that nothing was saved from the Times office and very little from the restaurant. The printing office is said to have carried ample insurance, but there was none on the other.

The fire is believed to have been of incendiary origin, and an arrest may be made today.

REV. FRANK NORRIS MAKES HIS BOND FOR \$1,000

Fort Worth, Texas, March 29.—Rev. J. Frank Norris, pastor of the First Baptist church, who was indicted yesterday on the charge of setting fire to that edifice January 10, returned from Hubbard this morning and made bond of \$1,000 for his appearance at the trial. The sureties are A. W. Walker, T. L. Ray, J. P. Wallace, Marcus C. Smith, O. W. Gillespie, W. S. Sweet, C. R. Miller, W. E. Brown, Jule Smith and Bert K. Smith. The amount of the bond was fixed by Judge Tom Simmons and the instrument was drawn up by Sheriff William Rea.

Met by Friends.

Rev. Mr. Norris was at Hubbard last night when he was notified by telephone of the new indictment. Accompanied by Mrs. Norris, he took the first train for Fort Worth, arriving here early this morning. He was met at the depot by George E. White and Dr. T. L. Ray, chairman of the board of deacons of the church. He was conveyed in Dr. Ray's automobile to the court house, where the bond was found to be in readiness and was signed. Later, Rev. Mr. Norris returned to the court house with O. W. Gillespie, one of his attorneys, and perused a copy of the indictment.

HASKELL'S LIBEL SUIT ON TRIAL AT OMAHA

Omaha, Neb., March 30.—William Randolph Hearst must go to trial in federal court in Omaha to defend the \$400,000 libel suit brought against him by Gov. C. N. Haskell of Oklahoma as the outgrowth of charges printed in the Hearst newspapers during the campaign four years ago.

Judge McPherson in the United States district court today overruled Hearst's demurrer and ordered that an answer be filed by April 10, after which the case will go to trial on its merits, the case probably being heard at the April term.

Originally there were five cases for \$100,000 each, one being dismissed on demurrer some months ago. The cases have been dragging along for three years. They were filed in Omaha in order to secure service upon Hearst as the latter passed through this city from San Francisco to New York. Service was secured by battering down his stateroom door.

DON'T BE FOOLED.

S. L. Hostetter, a staunch republican, is circulating one of Campbell Russell's petitions for the bill designed to amend the constitution in regard to the manner of electing the state board of agriculture. The News would warn the citizens of Ada and the county against this measure. It is just another one of Russell's numerous attempts to keep himself in the limelight, and secretly aimed at President Connell of the A. & M. college, who has in spite of the opposition of cheap politicians built that school up from a very weak institution to one of the largest and best of the kind in the United States. It will be remembered that the first attempt to destroy the Ada normal was made by Russell who initiated a bill wiping it out, which bill failed to secure enough signatures to get an election. The people of this section should not be fooled into helping Russell feather his political nest. Furthermore, the Russell element is very favorable to the Aiken bill.

Warren's Game.

The distinguished senator from Wyoming asked only \$207,000 for three postoffices in his state, to be erected in three hamlets, the aggregate population of which is 2,787. This is paying \$74.46 and a fraction to every man, woman and child in these hamlets out of the public treasury, and if that will not secure the votes of the voters, nothing will. It beats the pension steal all hollow. If Senator Lea can prevent this steal he can tell senatorial courtesy to go hang. When senatorial courtesy takes refuge in the pork barrel it were well to put the top on it and hoop it up tight.—Memphis News-Scimitar.

CARNEGIE'S IDEA OF BEAUTY.

Andrew Carnegie has found in Pittsburgh a girl whom he describes as the "prettiest in the world"—the which is proof positive to our mind that the Laird of Skibo has never seen ours.—Chickasha Express.

Yes, and if he had only seen even the ordinary looking Ada girl, he would not have looked further for the prettiest girl in the world, for he would have found her right here. Judging from the picture of the girl he has thus made famous, Ada is about 200 points ahead in the beauty line. Come and visit Ada, Uncle Andy, before passing final judgment.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place," is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a

few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle. Specitt Agents, Gwin & Mays Drug Co.

LITERALLY AT SEA.

Ft. Worth Record: Unless a way can be found to cut a lot of red tape and escape from a rigid interpretation of the immigration laws of three nations an insane sailor now on a ship in a California port must spend the remainder of his life at sea. The sailor shipped from Australia and became insane two days before reaching the United States. The immigration laws declare that an insane alien cannot be admitted to this country and must be deported. A similar statute is in force in Australia and the master of the vessel points out that he cannot return the unfortunate man to that country. He is thought to be a Russian, but the Russian authorities say his nationality must be established and his parents found so they may care for him before he can be admitted to that country. In his present condition this proof cannot be obtained and unless he regains his sanity or a loophole can be found in the law he is doomed to sail the sea until the end of his days.

S.S.S. REMOVES BLOOD HUMORS

Every pore and gland of the skin is employed in the necessary work of preserving its smooth, even texture, softening and cleansing it and regulating the temperature of our bodies. This is done by an evaporation through each tiny outlet, which goes on continually day and night. When the blood becomes infected with humors and acids a certain percentage of these impurities also pass off with the natural evaporation, and their sour, fiery nature irritates and inflames the skin, and dries up its natural oils, causing pimples, boils, pustules or some itching rash, or hard, scaly skin affection. S.S.S. cures skin troubles of every kind by neutralizing the acids and removing the humors from the blood. S.S.S. cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its nutritious, red corpuscles, and enriches it in every way. Then the skin, instead of being irritated and diseased by the exuding acid matter, is nourished, soothed and softened by this cooling, healthy stream of blood. S.S.S., the greatest of blood purifiers, expels all foreign matter and surely cures Eczema, Acne, Tetter, Salt Rheum and all other diseases and affections of the skin. It removes pimples, blackheads, and other unsightly blemishes from the skin and assists in restoring a good complexion. Book on Skin Diseases and any medical advice desired free to all who write.

Women!

If weak, you need Cardui, the woman's tonic. Cardui is made from gentle herbs, acts in a natural manner, and has no bad results, as some of the strong drugs sometimes used. As a medicine—a tonic—for weak, tired, worn-out women, Cardui has been a popular success for over 50 years.

Take CARDUI

The Woman's Tonic

Mrs. Lula Walden, of Gramlin, S. C., followed this advice. Read her letter: "I was so weak, when I first began to take Cardui, that it tired me to walk just a little. Now, I can do all the general housework, for a family of 9." Try Cardui for your troubles. It may be the very remedy you need.

JUDGE McKEOWN AWARDS

ANNA BRYAN \$2,000

Norman, Okla., March 29.—Judge T. B. McKeown of Ada, presiding over the district court here today awarded Mrs. Anna Bryan of Oklahoma City \$2,000 in a suit against K. W. Allison for alleged malicious prosecution.

This is written another chapter in one of the most sensational cases in the annals of Oklahoma jurisprudence that has not yet completed the gamut of Oklahoma courts, and is replete with human interest details in which Zola and Daudet were wont to reveal.

About a dozen years ago Allison, who may now be regarded as somewhat advanced in the sere and yellow leaf stage of life, was a wealthy cattleman residing at Lexington, Ok., and frequently took heavy consignments of cattle to the Kansas City market.

On one of these trips he met Anna Bryan, an unsophisticated country girl, recently widowed. Buxom and comely, even pretty, she attracted the Oklahoma stockman. The latter, with the carefree manners of the typical western ranchman, attracted the girl, and his ardent wooing was successful. When he visited her at her home in Walker, Mo., they were wed. Subsequent events proved it was a mock ceremony.

Allison had a wife in Oklahoma, but he neglected to tell Anna about her.

About a year after the mock marriage, Anna Bryan became a mother. She was still residing at Walker. Upon one pretext and another her supposed husband had persuaded her not to accompany him to Oklahoma.

Somehow about 1904 or 1905, Allison's wife learned the truth relative to her husband's affinity. Instead of the knowledge unheating the sheol of feminine jealousy, Mrs. Allison took the matter philosophically, and, being herself childless, urged her husband to send for the innocent evidence of his disloyalty.

Allison then made the young woman in Missouri acquainted with the fact of his perfidy. She, also regarded the situation philosophically and, in response to his pleadings, permitted him to take her little girl to his home. At that time he was residing near Norman.

Anna Bryan brought the child as far as Oklahoma City, where it was delivered to Allison. Anna remained in Oklahoma City. She had stipulated that the child was to be returned to her in a few days. But days lengthened into weeks, and yet the little one was not brought back to her. Letters pleading for its return were apparently unheeded.

Strange to relate, Mrs. Allison became so attached to the child that she did not want to part with it. Her husband, quite naturally, was very fond of his offspring. He determined to keep the little one, being not unmindful of the old saying that possession is nine points at law. He consulted his attorneys, and they told him the mother was not entitled to the offspring even though illegitimate.

The mother became frenzied when she found that it was intended to deprive her of the child. She employed counsel, and the father was taken to the courts. Chafing at the slow process of the courts, she made a trip to Norman, awaited an opportunity, and got possession of the child unknown to the Allisons. But the minions of the law followed her. She was captured, and for a time was in jail at Purcell and then at Norman.

The father again secured possession of the little girl, and he has had her ever since. The suit for possession has been carried from court to court. It has been to the supreme court twice. It will come up for another hearing April 16.

Anna Bryan meanwhile brought suit against Allison for malicious prosecution in the kidnaping case. Judge McKeown has awarded her judgment for \$2,000. It is likely, however, this case will be appealed and will run the gamut of the courts.

Allison is rich, Anna Bryan is poor. Furthermore, there is a law on the statute books of Oklahoma that apparently works injustice upon the innocent victim of man's depravity.

In the sight of God, perhaps, Anna Bryan is entitled to possession of her child.

ANSWER IT HONESTLY

Are the Statements of Ada Citizens Not More Reliable Than Those of Utter Strangers?

This is a vital question. It is fraught with interest to Ada. It permits of only one answer. It can not be evaded or ignored. An Ada citizen speaks here. Speaks for the welfare of Ada. A citizen's statement is reliable. An utter stranger's doubtful. Home proof is the best.

INCOME TAX LAW BRINGING GOOD RESULTS

Oklahoma City, March 30.—The income tax hearing now in progress before State Auditor Leo Meyer is netting the state about \$100 per day in the way of increases in assessments, according to reports of the hearing, which have come out during the last few days.

While the hearings are secret, the taxpayers having the right to demand that no publicity be given their testimony, it is reported that some of the men upon whom an income tax is levied have become "conscience stricken" and have asked for new blanks in order that they may make larger returns than they did at first. It is further reported that one citizen stated he would increase his income figures \$12,000 over those formerly returned.

The object of the hearing primarily was to establish an equitable basis upon which the income tax may be levied, and this is being accomplished. There has been more or less misunderstanding, as to the manner in which the returns are to be made. So far, more than twenty local capitalists have been questioned, and the hearing is still in progress.
